About

I'm Tasdid Hasanain, and I have 2 years of experience in web development, specializing in Django and React.js. I am passionate about creating efficient and user-friendly web applications that leverage the power of these frameworks. With a strong background in both backend and frontend development, I have gained expertise in building scalable server-side applications with Django and dynamic user interfaces using React.js. I am a detail-oriented problem solver who enjoys staying up-to-date with the latest technologies and industry best practices. I am eager to contribute my skills and continue growing as a developer in meaningful projects.
